Concentration

How to Set Up a Game of Concentration:

To set up a game of concentration print, laminate, and cut out the game cards. Shuffle the cards well and then place each card face down in rows and columns.

Note: There are a total of 52 cards, for younger players it is best to use fewer cards.

How to Play Concentration:

1. The youngest player goes first
2. Player 1 chooses 2 cards.
3. If the cards match, Player 1 keeps the set and gets another turn, until the player chooses two cards that don't match.
4. If the cards don't match, the player turns the cards back over and the next player chooses.
5. Play continues until all cards are matched.

How to Win a Game of Concentration:

The game is over when all of the cards have been matched and picked up. The game is won by the player who has collected the most sets of matching cards.
